Wednesday, May 15th, Orientation
Food In / Food Out
9:00am to 11:00am

Monday, May 27th, SAFB Closed
No pick-ups, No deliveries
QUOTE OF THE MONTH

“The Difference Between The Possible And The Impossible Lies In A Person’s Determination”
~Tommy LaSorda

TIP OF THE MONTH

Make your home smell like Spring

Empty your refrigerator. You can’t avoid it any longer! Empty and unplug the fridge and freezer for a thorough clean. Most of this process will involve throwing out items far past their expiration dates, but you’ll also want to make sure your fridge is organized. Take advantage of adjustable shelving and shelf liners, which will make the cleanup process ten times easier next time around.

DIY cleaning agent: 1 tablespoon of baking soda and a quart of hot water to effectively remove grime and crumbs.

Fight the grease. Tackle the tough stove, oven and microwave grease with steel wool pads. Baking soda does an excellent job of dissolving grease. And because it’s mild, it destroys grease without destroying your hands or the surfaces you’re cleaning.

DIY cleaning agent: 3 tablespoons of baking soda and 1 cup of warm water.

Shine those floors. After dusting, vacuuming and tackling your kitchen counters, you’re going to need one final cleaning of your floor. After all, it sees the most traffic. With a damp mop, give your floor a clean shine. Mix a solution and rub gently into your floors.

DIY cleaning agent: ½ cup white vinegar, 1 teaspoon vegetable oil and 1 cup of hot water. Add 10-20 drops of essential oil for a clean, fresh scent.

Fresh flowers. Buy (or pick) a bouquet of fresh-scented flowers and place them in a vase right in front of your window. The breeze will blow the scent all around your home.

Stovetop freshener: While you’re beginning your cleaning, place fresh orange and lemon peels in a pot on the stove and bring the water to a light simmer. The fresh spring scent will travel through every room of your house!

Essential oils. Create a mix of essential oils (distilled water and 5-10 drops of lemon or lavender) and place in a diffuser or a spray bottle. Spritz around your home as you wish.

Rosemary cotton balls. Soak a cotton ball in rosemary oil and place it in a small trash can in your kitchen, bedroom or bathroom. Every time the lid opens and closes, it will fill the room with a natural, fresh scent.
Adriana’s Corner

Its SPRING!!!

Please make sure to stop buy and checkout what we have in the store, its always different!!
