WASHINGTON, Aug. 6, 2019 – Top Taste Food Warehouse, a Brooklyn, N.Y. establishment, is recalling an undetermined amount of pork and chicken dumpling product because they were produced, packed, and distributed without the benefit of USDA inspection and used the mark of inspection without authorization, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today.

The frozen pork with vegetable dumpling and the chicken with vegetable dumpling items were produced July 30, 2018 through July 31, 2019. The following products are subject to recall: [View labels](#) (PDF only)]

- 136-oz (8.5-lbs) plastic bags containing approximately 100 pieces of “TOP TASTE PORK & VEGETABLE DUMPLINGS.”
- 136-oz (8.5-lbs) plastic bags containing approximately 100 pieces of “TOP TASTE CHICKEN & VEGETABLE DUMPLINGS.”

The products subject to recall bear establishment number “EST. 19856” inside the USDA mark of inspection. These items were shipped to wholesalers in New York.

The problem was discovered on July 31, 2019 while FSIS was conducting surveillance activity.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at www.fsis.usda.gov/recalls.

Consumers and members of the media with questions about the recall can contact Wan Tung Tong, Vice President of Top Taste Food Inc., at (917) 604- 6950.

Consumers with food safety questions can "Ask Karen," the FSIS virtual representative available 24 hours a day at AskKaren.gov or via smartphone at m.askkaren.gov. The toll-free USDA Meat and Poultry Hotline 1-888-MPHotline (1-888-674-6854) is available in English and Spanish and can be reached from 10 a.m. to 6 p.m. (Eastern Time) Monday through Friday. Recorded food safety messages are available 24 hours a day. The online Electronic Consumer Complaint Monitoring System can be accessed 24 hours a day at: <http://www.fsis.usda.gov/reportproblem>.

Smoked Whitefish Pate

Company Announcement

Ruleau Brothers Inc. of Stephenson, MI, is recalling its 8 ounce containers of "Door County Whitefish Smoked Whitefish Pate" because they may contain undeclared allergens of Egg, Soy, and Anchovies. People who have allergies to Eggs, Soy, and Anchovies run the risk of serious or life-threatening allergic reaction if they consume these products.

The recalled "Door County Whitefish Smoked Whitefish Pate" were sold to a distributor in Illinois, and to retailers and at a local market in Michigan.

The product comes in a 8 ounce, plastic container marked with lot #s 19126, 19105, 29029, & 19093 on the side and with an expiration dates of, 8/2/19, 8/9/19, 8/16/19, & 8/23/19 stamped on the side.

No illnesses have been reported to date in connection with this problem.

The recall was initiated after it was discovered during an FDA inspection conducted under contract by the Michigan Department of Agriculture and Rural Development that the product's labeling did not fully list all ingredients and sub-ingredients contained in the product. Some of these missing ingredients and sub-ingredients contained the allergens of Anchovy, Egg, and Soy.

Production of the product has been suspended until FDA and the company are certain that the problem has been corrected.

Consumers who have purchased 8 ounce packages of "Door County Whitefish Smoked Whitefish Pate" are urged to return them to the place of purchase for a full refund. Consumers with questions may contact the company Monday-Friday 9am to 3pm central time.

Press@fsis.usda.gov

WASHINGTON, July 31, 2019 – Conagra Brands, Inc., a Milton, Pa. establishment, is recalling approximately 32,400 pounds of canned beef products due to a potential processing defect, resulting in

the potential survival of bacterial pathogens in the products, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The canned beef items were produced on July 18, 2019. The following products are subject to recall: [[View labels](#) (PDF only)]

- 15-oz. canned items of "Kaskey's BEEFY MAC PASTA IN TOMATO & MEAT SAUCE" with Best By JUL 07 2021.

The products subject to recall bear establishment number "EST. 794" inside the USDA mark of inspection. These items were shipped to distribution centers and retail locations in Indiana, Kentucky, Maryland and Texas.

The problem was discovered by the establishment on July 27, 2019 during routine activities.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers.

These items contain cumin spice involved in a recall initiated by our supplier, Mincing Spice Co. Mincing has issued a recall for a specific lot of cumin they produced because a sample from that lot was tested by one of Mincing's customers and was found to be potentially contaminated with *Salmonella*. A portion of the lot recalled by Mincing was supplied to Williams Foods, LLC. We are recalling our products listed above as a precautionary action; to date there have been no consumer complaints or reported cases of Salmonellosis in connection with these products.

Salmonella can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea, nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections, endocarditis and arthritis.

The potentially affected product consists of retail packages weighing 1 – 1.25 oz.

The "Best By" date information can be found on the top part of the back side of the package. The product is sold in select retail grocery stores located in Washington, DC and the following states: AL, AR, AZ, CA, CO, DC, DE, FL, GA, HI, IA, ID, IL, IN, KS, KY, LA, MD, MI, MN, MO, MS, MT, NC, ND, NE, NJ, NM, NV, NY, OH, OK, OR, PA, SC, SD, TN, TX, UT, VA, WI, WV, WY.

No other "Best By" dates are being recalled.

Consumers who have purchased the product with the above "Best By" dates are urged not to consume the product but to discard it or return it to the place of purchase for a full refund. Consumers with questions may call our Customer Service Center at 1-800-847-5608 or by e-mail at customerservice@chg.com for more information. Our customer service desk will be staffed in person from 8am to 5pm CST Monday to Friday.

Williams Foods LLC is committed to providing high-quality products, and the safety and satisfaction of our consumers is the company's utmost priority. Although there have not been any reported cases of salmonellosis, we are voluntarily recalling the products listed above as a preventive measure.

Company Announcement

The Lennox Intl Inc located in Edison NJ, is voluntary recalling its Natural Pig ears because they have the potential to be contaminated with *Salmonella*. *Salmonella* can affect animals eating the product and there is risk to humans from handling contaminated products, especially if they have not thoroughly washed their hands after having contact with the products or any surfaces exposed to these products which are solely for the consumption by dogs.

Healthy people infected with *Salmonella* should monitor themselves for some or all of the following symptoms: nausea, vomiting, diarrhea or bloody diarrhea, abdominal cramping and fever. Rarely, *Salmonella* can result in more serious ailments, including arterial infections, endocarditis, arthritis, muscle pain, eye irritation, and urinary tract symptoms. Consumers exhibiting these signs after having contact with this product should contact their healthcare providers.

Pets with *Salmonella* infections may be lethargic and have diarrhea or bloody diarrhea, fever, and vomiting. Some pets will have only decreased appetite, fever and abdominal pain. Infected but otherwise healthy pets can be carriers and infect other animals or humans. If your pet has consumed the recalled product and has these symptoms, please contact your veterinarian.

The recalled products affected were shipped to nationwide distributors and/or retail stores from May 1st, to July 3rd, 2019.

The product comes in an 8 PK branded pouch under UPC 742174 995163, 742174994166 or packaged individually shrink wrapped under UPC 0385384810, and 742174P35107. All UPC codes are located on the front label of the package.

To date, Lennox is aware of two cases of our pig ears that caused dog illnesses which may be related to the potential *Salmonella* contamination noted during an ongoing FDA investigation of *Salmonella* illness, associated with what appears to be a multiple source.

Consumers who have purchased the product and have proper receipt may return product or contact 800-5388980 Monday to Friday 9-5 PM or contact us at usaoffice@lennoxpets.com for refund and additional information.

Company Announcement

JuJu Bakes, LLC, DBA The Cookie Dough Cafe of Bloomington, IL is recalling 15 cases of 1.6 ounce Chocolate Chip Chilled Gourmet Edible Cookie Dough Bars, because they may contain peanuts. People who have an allergy or severe sensitivity to peanuts run the risk of serious or life-threatening allergic reaction if they consume these products.

Product was distributed in IL, MI, PA, IN, KY, WI, OH, MN, WV via Lipari Foods and was distributed to select retail stores.

The product comes in a 1.6 ounce, white and turquoise package marked with lot # 19177 with an expiration date of 01/22/20, UPC 850967006531. No other lots or expiration dates were affected.

No illnesses have been reported to date.

Allergen issue was found after an employee tasted peanut butter in a bar labeled chocolate chip. The employee sampling the item did not have a peanut allergy and did not experience a reaction. Her observation led to the recall of Lot #19177. Subsequent investigation indicates the problem was caused by a temporary breakdown in the company's production and packaging processes.

If you have purchased the 1.6 ounce Chocolate Chip Chilled Gourmet Edible Cookie Dough Bar, please return it to the place of purchase for a full refund. Consumers with questions may contact the company at 309-539-4585 x101, Monday-Friday 10am-5pm CST.
