WASHINGTON, Sept. 5, 2019 – BCI Foods, Inc., a Quebec, Canada firm and importer of record, is recalling approximately 3,304 pounds of meat and poultry soup products that were not presented for import re-inspection, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today.

The meat and poultry soup items were imported on July 17, 2019. The following products are subject to recall: [[View labels](#) (PDF only)]

- 19-oz. cans containing “chef’s cupboard CLASSIC HOMESTYLE CHICKEN & WILD RICE” with a “BB/MA 2021 MR 04” date and code “EST 142 602 19 064” on the bottom of the cans.
- 19-oz. cans containing “chef’s cupboard CLASSIC HOMESTYLE ITALIAN-STYLE WEDDING with Meatballs & Chicken” with a “BB/MA 2021 MR 03” date and code “EST 142 603 19 063” on the bottom of the cans.
- 18.8-oz. cans containing “chef’s cupboard CHUNKY BEEF with COUNTRY VEGETABLES” with a “BB/MA 2020 SE 25” date and code “EST 142 613 18 269” on the bottom of the cans.
- 18.8-oz. cans containing “chef’s cupboard CHUNKY SIRLOIN BURGER with COUNTRY VEGETABLES” with a “BB/MA 2021 FE 18” date and code “EST 142 614 19 049” on the bottom of the cans.

The products subject to recall do not bear the USDA mark of inspection, but bear Canada’s establishment number “142” within the Canadian mark of inspection. These items were shipped to Aldi stores in New York and Pennsylvania.

The problem was discovered during routine FSIS monitoring activities of imported products.

There have been no confirmed reports of adverse reactions due to consumption of these products.

Anyone concerned about a reaction should contact a healthcare provider.

Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers.

When available, the retail distribution list(s) will be posted on the FSIS website at www.fsis.usda.gov/recalls.

Consumers and members of the media with questions about the recall can contact John St. Germain, Vice President of Sales, BCI Foods Inc., at (416) 882-3513.

*** We believe that the products being recalled were not processed or offered through the national office.**

* We strongly encourage you to notify your agencies within one business day from receipt of this notice.

* ALL cased and uncased inventories, both at the member level and agency level, need to be checked. This product may have entered member and agency warehouses through salvage, local donations, TEFAP, local purchases, retail pickups, food drives, or other avenues.

* For additional local details, please contact the Health Department(s) for the area(s) your food bank serves.

Company Announcement

Concerns the products may contain milk that could affect those individuals that have sensitivity to dairy milk allergens

CHANDLER, Okla. — Hiland Dairy is announcing a voluntary recall of one-half gallon (64-ounce) and pint (12-ounce) lemonade that is produced at the Chandler, Oklahoma facility, over concerns the products may contain milk that could affect those individuals that have sensitivity to dairy milk allergens. People who have an allergy or severe sensitivity to dairy milk run the risk of serious or life-threatening allergic reaction if they consume these products. No illnesses or allergic reactions have been reported at this time.

The affected products were sold and distributed at retailers in the following metropolitan areas:

- Oklahoma City, Oklahoma
- Wichita, Kansas
- Kansas City, Kansas
- Kansas City Missouri

The product information is detailed below:

One-Half Gallon Hiland Dairy Lemonade

UPC: 72060-00519-6

Sell by Date: October 25, 2019

Plant Code: 4024

Pint Hiland Dairy Lemonade

UPC: 72060-00524-0

Sell by Date: October 20, 2019

Plant Code: 4024

Hiland Dairy initially learned of a potential issue and then confirmed after internal quality-control testing at the Chandler, Oklahoma facility. There are 81 units of one-half gallon and 387 units of pint Hiland Lemonade that are unaccounted for and still in the markets. The company promptly contacted the U.S. Food and Drug Administration (FDA) to initiate the voluntary product recall.

Other Hiland Dairy products are not part of this recall.

Customers who have purchased this product are encouraged to discard it or return it to their local retailer to exchange the product for a like item. Heatherfield Foods Inc. Recalls Pork Sausage Products Due to Misbranding
Class II Recall 088-2019
Health Risk: Low Aug 30, 2019

Congressional and Public Affairs
Maria Machuca
(202) 720-9113
Press@fsis.usda.gov

WASHINGTON, Aug. 30, 2019 – Heatherfield Foods, Inc., an Ontario, Calif. establishment, is recalling approximately 4,380 pounds of pork sausage products due to misbranding, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today. The product has a gluten free claim represented on the front of the label; however, the product contains gluten in the form of wheat. Wheat, which is an allergen, is also listed in the product’s list of ingredients.

The raw Longanisa sausage items were produced on various dates between March 8, 2019 and July 31, 2019. The following product is subject to recall: [[View labels](#) (PDF only)]

- 1-lb. thermoform tray packages containing “HAWAIIAN SAUSAGE COMPANY Sweet Filipino Longanisa ‘NO PRESERVATIVES ‘GLUTEN FREE ‘NO MSG” with lot codes 09067, 09081, 09088, 09113, 09130, 09148, 09156, 09163, 09170, 09179, 09193 and 09212 on the label.

The products subject to recall bear establishment number “EST. 4846” inside the USDA mark of inspection. These items were shipped to retail locations in Hawaii.

The problem was discovered after FSIS received a consumer complaint.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers’ refrigerators or freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify that recalling firms are notifying their customers of the recall and that actions are being taken to make certain that the product is no longer available to consumers.

Consumers and members of the media with questions about the recall can contact John Brown, Vice President, Heatherfield Foods Inc., at (909) 460-4150.

Consumers with food safety questions can “Ask Karen,” the FSIS virtual representative available 24 hours a day at AskKaren.gov or via smartphone at m.askkaren.gov.
